

## Phonics Enrichment

At Leopold Primary School, our daily phonics lessons are taught in enjoyable and engaging ways. All of our phonics teachers are fully trained in delivering phonics lessons. Teachers receive regular training to keep up to date with the teaching of early reading. Phonics teachers also assess children in reading daily by listening to them read during sessions and supporting them when needed. Children in Year 2 and Ks2, who need further support in reading may still access phonics through boosters to improve fluency.

### Read Write Inc. Phonics

There are many ways Leopold Primary School can enhance learning at home. We send specific videos of sounds that children need to relearn for homework. Children also receive phonics homework and we have reading workshops for parents.

Students visit the school library regularly to borrow books to develop a pleasure for reading. At Leopold Primary School, students learning phonics receive a levelled phonics book to take home and read. All teachers, support staff and the senior leadership team read with children every day.
